National Christian Council (NCC) **exists to unite** the Church and to serve the marginalized of the Indian society. It is a human rights network for leadership development by promoting communal harmony and understanding between the communities. The distinctive of NCC is to be a bridge between the Govt. schemes and the eligible persons by propagating the existing schemes of the Central and State Governments. Where necessary to facilitate and advocate for introduction of the appropriate programs / schemes for the Minorities. To work for safeguarding the rights of all be it human rights or spiritual rights of all individuals to believe and to practice their faith.

**NCC collaborates** with all like minded individuals / organisations that are serving various communities in their specialization. NCC is committed to the person of the Lord Jesus Christ and His mission towards humanity, to Secularism and for preserving Indian Democracy. It strives to reach to all with the benefits of true secularism and ensure that the fruits of vibrant and good democracy reach to all persons.

## ***Modus Operandi:***

NCC has 17 wings currently that serve the society at large after uniting the Christian denominations across denominational lines.

The wings include Women, Prayer, Legal, Children, SC Concerns, ST Concerns, Media, Differently Abled Persons' Concerns and so on as outlined at: [www.nationalcouncil.in](http://www.nationalcouncil.in) As of December 2022 it has 26 State & Union Territories Chapters and will soon be launching the District and Tehsil / Taluka bodies. The various State leaders can be seen in the website. Each state Chapter of NCC consists of a President along with the Executive Committee, Patrons and also Presidents of the 17 wings. By creating these structures at national, state, district levels and tehsil / taluka committees NCC will build leaders throughout the nation and empower them with a network, information and an identity to do their job and to impact the society. These chapters will bring cohesion in their region and serve with their focus in their respective region.

**Nation Building** is the prime force of activity even as we “unite to serve” maneuvering through the maze of multi-religious, multi ethnic mosaic of Indian culture and religions. It will preserve the choice of individual in their personal life of religion or in their selection of democratic leaders.

NCC will strive to propagate the **Rights** of individuals as enshrined in the Indian Constitution or in the United Nations instruments (like **The Universal Declaration of Human Rights**) coupled with the dissemination of information about the **Duties** that go along side the rights so that no one is infringing upon others' rights. It is a registered Trust that is Registered with the Government of Telangana in the year 2012 with the registration number: **23/2012**.
