DIMAPUR, APR 22 (NPN): National Christian Council (NCC) founder president and former state level member of Prime Ministers 15 Point Programme for Minorities, Dr. Sam Paul on Friday, announced that the Eastern Bible College (EBC), Dimapur would be an integral part of "Training of Christian Missionaries" for India, NCC leaders, member Churches and organisations in the country.

Announcing this in a press conference at EBC, Dr. Paul highlighted the objectives of the council which he

said was to serve minorities by uniting the leaders in the church.

"It is a human rights network to promote communal harmony and understanding between communities and to address issues of any atrocities on minorities in particular Christians", he informed.

He said the anti-conversion bill would be "the official persecution of the government".

On Naga political issue, Dr. Sam Paul appealed to the PM to take initiative to bring peace and harmony in the region and ensure that development of Nagaland "takes place in full force".

"The necessity of peace is imminent and peace is always real and possible when justice is rendered to the persons concerned", he further stated.

The NCC president also appealed to the prime minister to see that peace returns so that the ministry of Development of North Eastern Region could move on with their schemes of developing North Eastern States including budget allocations for more infrastructure creation, accessibility of employment, etc. On religious intolerance in India, Paul lamented it was "disheartening" and "a dangerous trend".

While stating that religious intolerance was a threat to the democracy, Dr. Paul appealed to the fundamentalist groups to uphold the great tradition of "vasudeva kutumbakam" (The World Is One Family) as such issues in India went against the ethos and essence of the country.

If left unattended, he stated that the intolerance would keep breeding.

NCC Membership Drive in Jharkhand - Bro Solomon Raju, NCC Jharkhand State General Secretary Reports

By the grace of God, from last May till date, NCC Jharkhand State Leaders have visited and campaigned door to door for NCC Membership, under the leadership of Br Solomon Raju, General Secretary, Jharkhand. So far around 9 local churches have been reached out. Most of them are established in remote areas. Jharkhand NCC led by Bro Solomon Raju, General Secretary has plans to invite them for a special Seminar some time in October this year.

Apart from sharing information about NCC and bringing awareness, the State NCC wants to educate them regarding the new bills that are passed in the Parliament against Christianity / anti-conversion laws, etc.

Most of the pastors and lay leaders are very keen and fully interested in sharing their local issues and want to get security from the local administration during the opposition to propagate the Word of God.

Hence, the state leadership has plans to request the National Executive to arrange a highly qualified advocate who is practicing in the High court / Supreme court to be the resource person for this Seminar and address their issues about how to deal with them adequately. Eminent advocates or Christian political leaders will be invited for the encouragement of local / Jharkhand state NCC leaders.

It's a wonderful gesture that is welcomed by the depressed communities of India.
